CAREERS EDUCATION INFORMATION

At the Maidstone and Malling Alternative Provision, we understand that guiding your child through their education and into the job market can feel daunting. The world, education and the job market are ever changing, and it can be difficult to know what to advise them.

You can subscribe to Careermag for Parents. This is a termly magazine aimed at parents/carers to help them keep up to date with educational and industry/job market development, which guides parents/carers and their children through the career journey. See the link below.
