

Year 11

In Year 11 students are supported in the transition to their chosen post-16 pathways, Examples of this support include:-

- Individualized one to one sessions
- Mentoring
- Preparing for the next step
- Applying to college, sixth form, apprenticeships, etc.
- CV writing
- Preparation for interviews
- Exploring our employability skills
- Learning about the Labour Market
- Encounters with different careers and roles available.

We also attend the Course Taster mornings at Mid Kent College , giving students a chance to experience and make themselves familiar with their local college.

The thought of leaving school can be daunting, at MMAP we will support where possible. Such as accompanying students to interviews, keeping track of applications or contacting potential employers/training providers. We also attend career events throughout the year such as career fairs.
